

SHARP HEALTHCARE COVID-19 FUNDING NEEDS

COVID-19 has created the greatest need for medical resources in our nation's history.

TOGETHER WE CAN SAVE LIVES

SHARP®

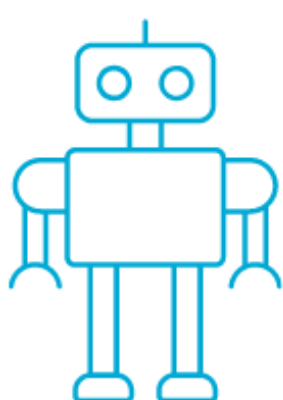

PERSONAL PROTECTIVE EQUIPMENT

Maintaining a sufficient supply of *Personal Protective Equipment (PPE)* is essential for the safety of our caregivers and patients. Our **Supply Chain Team** is securing **more than 2 million units** of masks, gloves, gowns and face shields. Our daily mask usage has dramatically increased - **over 15,000 masks a day** - the additional expenditure of PPE is **several million dollars**.

VENTILATORS

Sharp is securing **more than two dozen highly advanced ventilators**, each with a cost of more than **\$20,000**.

TECHNOLOGY

To **provide the safest care environment**, Sharp is purchasing additional **advanced cleaning and disinfecting robots**. These incredible machines, use pulsed xenon, a high-intensity UV light which fuses the DNA of the organisms which renders them unable to mutate or reproduce; effectively killing them on the spot. **Each of these robots require a \$100,000 investment**.

PROFESSIONAL RESOURCES AND TRAINING

The Terrence and Barbara Caster Institute for Nursing Excellence, along with **Sharp Human Resources**, has a team working on up-skilling or re-skilling internal employees to augment or support our nursing workforce. In addition, Sharp is hiring experienced Registered Nurses and Respiratory Care Practitioners along with graduating students to join our workforce.

SHARP COVID-19 EMERGENCY RESPONSE FUND

give.sharp.com/COVID19fund

Gifts to the Sharp COVID-19 Emergency Response Fund, will make **emergency grants and distributions** to Sharp departments and hospitals that are on the front lines of responding to our nation's most serious health crisis.

WE ARE GRATEFUL FOR YOUR SUPPORT ON BEHALF OF OUR SHARP HEALTHCARE HEROES!
