

Thank you!

You helped Sharp HealthCare touch more lives than any other health care provider in San Diego through your generous support as our philanthropic partner in

INSPIRE

The Sharp HealthCare Campaign for Excellence

FOUNDATIONS OF SHARP HEALTHCARE

report on giving
2016

THANK YOU for making a difference.

In just a few short years, you and thousands of fellow donors helped us raise \$100 million through *INSPIRE: The Sharp HealthCare Campaign for Excellence*.

This incredible generosity allows us to bring ever-greater levels of care to the San Diego community at our respected regional medical centers and specialty hospitals—and ensure that tomorrow's generations have the very best that health care has to offer, too.

With you as our philanthropic partner, we are delivering the highest quality care to those we serve through:

specialized programs

cutting-edge research

healing environments

skilled and compassionate caregivers

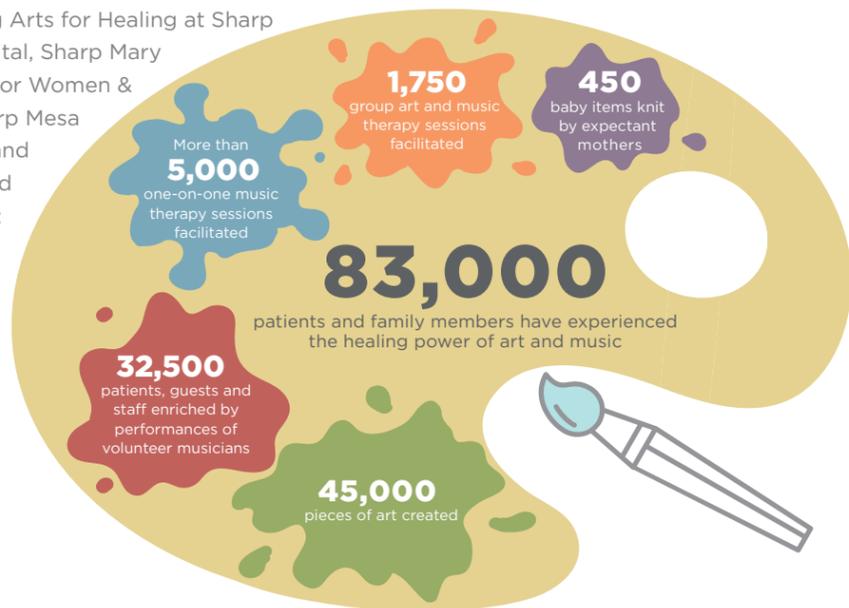

advanced technology

Read the stories and see the impact of this \$100 million milestone inside and at give.sharp.com/inspire.

YOU enhanced clinical and community programs, helping Sharp care for our patients and their loved ones at a level that exceeds expectations.

Nearly **\$500,000** was contributed to benefit the **Arts for Healing** program, which introduces art, music and writing into the healing process to minimize stress, elevate spirits and increase comfort—often contributing to faster recovery.

Since launching Arts for Healing at Sharp Memorial Hospital, Sharp Mary Birch Hospital for Women & Newborns, Sharp Mesa Vista Hospital and Sharp McDonald Center in 2008:

 learning

YOU supported research and education, allowing Sharp caregivers to learn and conduct actionable research that improves the quality of patient care.

More than **\$4 million** was contributed to support enhancements to care at Sharp Mary Birch Hospital for Women & Newborns, including facility renovation and expansion, patient navigation programs and innovative research to improve the long-term health of at-risk infants.

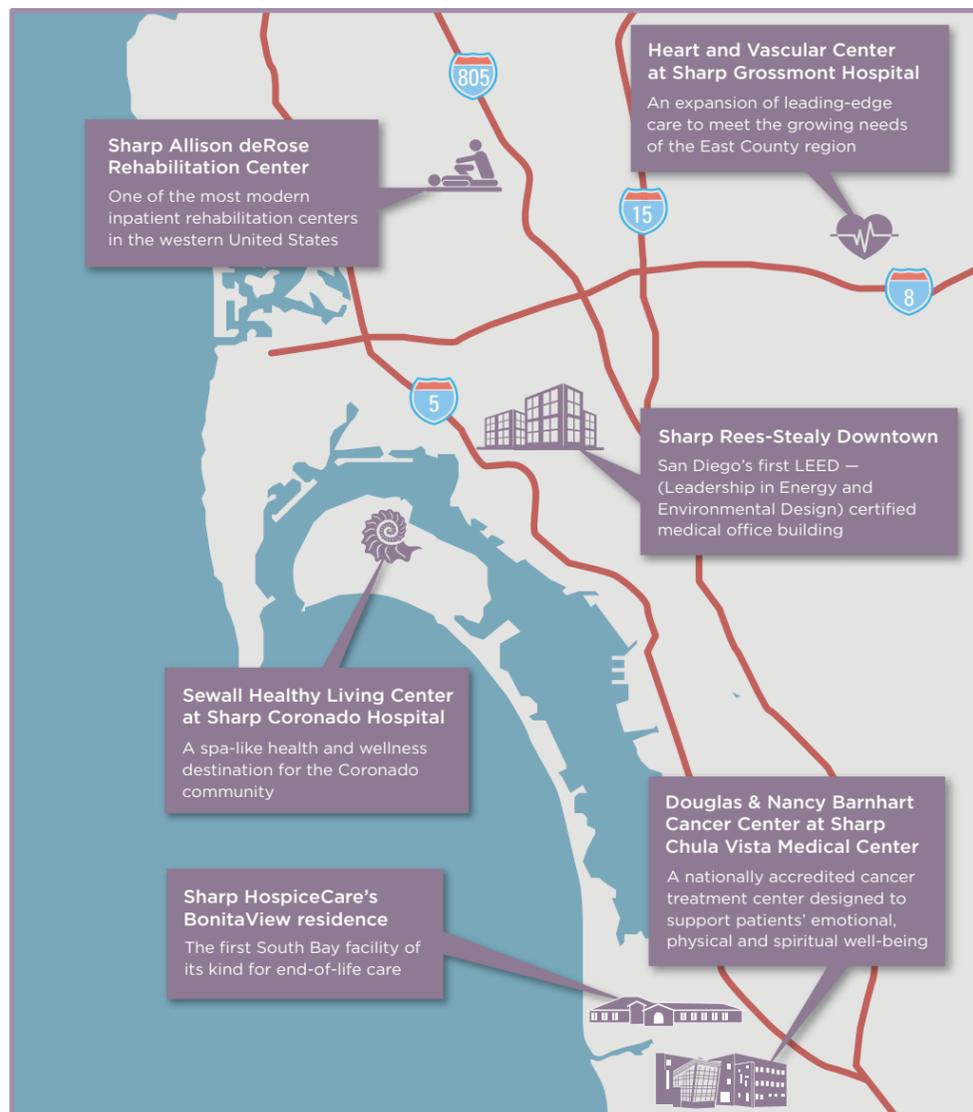

Since the inception of the **Neonatal Research Institute** at Sharp Mary Birch in 2013:

YOU ensured that our community receives medical care in facilities that are second to none.

More than **\$32 million** was contributed to help construct and renovate healing environments to care for patients around the county.

Philanthropy helped bring these visionary investments in the health of San Diego to reality between 2010 and 2016:

Robert and Susan deRose made a \$1 million leadership gift to name the **Sharp Allison deRose Rehabilitation Center** in honor of their daughter and the high-quality care she received at Sharp Memorial Rehabilitation Center. After suffering a traumatic brain injury in a car accident, Sharp Memorial Rehabilitation enabled Allison to successfully return to her community and live on her own.

YOU helped expand the knowledge and competency of physicians, nurses and staff so skilled, compassionate caregivers are available for those in need.

More than **\$1.5 million** was contributed to develop education programs and expand knowledge and professional opportunities for Sharp nurses and staff through the Center of Nursing Excellence and other employee scholarship programs.

Dr. Susan Stone joined the Sharp HealthCare team as a nurse in 1986 and earned her doctorate degree with the help of a scholarship made possible by Sharp. She has since held numerous leadership positions—including chief nursing officer for two of Sharp's seven hospitals—and now serves as the senior vice president and chief executive officer of Sharp Coronado Hospital. Dr. Stone gratefully gives back to Sharp as a generous donor in support of the **Center of Nursing Excellence** and other areas close to her heart.

Since 2011, more than **150** scholarships provided to help Sharp nurses advance their careers

 leading

YOU supported the acquisition of the latest technology, ensuring that the benefits of proven medical advancements are available in our community.

Nearly **\$7 million** was contributed to help acquire advanced technology to save lives and improve quality of life. Philanthropy made it possible to equip expert caregivers at Sharp's hospitals and medical centers with:
